Department of Santali

Pandit Raghunath Murmu (Birth Day Celebration): Pandit Raghunath Murmu (5 May 1905 – 1 February 1982) was an Indian Santali writer and educator. He developed the *Ol Chiki* script for Santali language. Until the nineteenth century, Santali people had no written language and knowledge was transmitted orally from one generation to other. Later European researchers and Christian missionaries started to use Bengali, Odia, and Roman scripts to document the Santali language. However, Santalis did not have their own script. His development of the *Ol Chiki* script enriched the cultural identity of the Santali society. He wrote many songs, plays and school text books in the “OlChiki” script.

Raghunath Murmu was born on the day of Baisakhi Purnima (Buddha Purnima), 1905 in the Dandbose (Dahardih) village (near Rairangpur town) of Mayurbhanj State (now in Odisha), India.

He has not only given a new identity to the Santali society but also has laid an inspiration for other societies to create their own script. The Government of India has included the Santali language in the Eighth Schedule of the constitution of India on 22 December 2003. After that, many state governments of India, specifically West Bengal, Jharkhand, Odisha, and Bihar, gave recognition to the Santali language. The government of Jharkhand, Odisha, and West Bengal included the Santali language as a medium of instruction at the primary and high school levels in the santal-dominated area. Many universities and colleges of Jharkhand, West Bengal and Odisha are now offering Graduation and Master courses on the Santali literature using *Ol Chiki* script.

Bhasa Dibas: The Santali language was included in the Eighth Schedule of the Indian Constitution. The day was December 22, 2003. With this inclusion, the Santali people were given written official recognition of their mother tongue in world history. This success was achieved after many hurdles, the efforts of many people, the goodwill of many people, and the struggle of Indian tribal society. Therefore, December 22 is a historically memorable day not only for the Indian tribal community but also for the entire Indian population.

International Day of the World's Indigenous Peoples :

The International Day of the World's Indigenous Peoples is observed on 9 August each year to raise awareness and protect the rights of the world's indigenous population. This event also recognizes the achievements and contributions that indigenous people make to improve world issues such as environmental protection. It was first pronounced by the United Nations General Assembly in December 1994, marking the day of the first meeting of the UN Working Group on Indigenous Populations of the Sub-Commission on the Promotion and Protection of Human Rights in 1982. Santali departmental student organised this programme every year.

DEPARTMENT OF FORESTRY

Pandit Raghunath Murmu Smriti Mahavidyalaya (PRMSM) is renowned for its pioneering role in forestry education in West Bengal. Established with a vision to address the growing need for sustainable forest management and conservation, the Forestry Department at PRMSM stands out as a beacon of academic excellence and practical training in the state. The Forestry Department at PRMSM was founded (Sence-2018) to create a dedicated centre for forestry education in West Bengal. Recognizing the state's rich biodiversity and the importance of forests in the regional economy, the institution aimed to produce skilled professionals equipped to manage and conserve forest resources effectively. Forestry Department offers a comprehensive curriculum that blends theoretical knowledge with field observation and practical. Department of forestry student play important role to conserve the ecosystem and biodiversity through different awareness activity.

ENVIRONMENTAL DAY

Continuing with its tradition of preserving the environment and having eco-friendly activities, the "Tree Plantation Event" was conducted on the campus of PRMS Mahavidyalaya to celebrate Environmental Day on June 5 every year.

Van Mahotsav

Though, it was officially launched during 1950, the seed of Van Mahotsav was shown prior to our independence during July, 1947 after a mass tree plantation drive which was undertaken in Delhi, in which leaders like Dr.Rajendra Prasad and Pt. Jawaharlal Nehru were participated. In its original aim, every citizen of India is expected to plant at least one seedling during the Van Mahotsav Week. If it is really implemented, then the country could plant 1.36 billion more trees per year now. P.R.M.S. Mahavidyalaya & Department of Forestry Celebrate "VAN MAHOTSAV" every year on 1st week of July.

Native Species Seed Ball Preparation and Dispersal

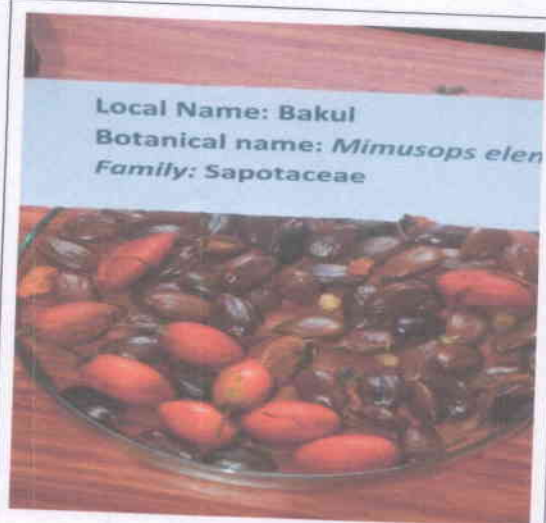

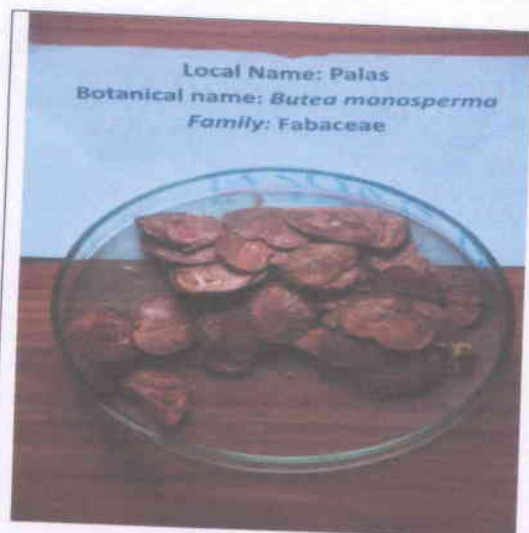

An interactive seed ball series organised by the college introduced the students to the wonderful world of gardening through the fun activity of collecting seeds and preparing seed balls. The programme aimed at providing green education to the students, teachers, and staff holders and also encouraged them to kick off the monsoon season in an eco-friendly way. The entire activity was a huge success, as one could say. Just a small ball made of soil, manure, and some seeds is actually the promise every student will hold in his hand for a green world to come. Seed balls are an easy way to grow trees with a longer germination time span. They are inexpensive and can be easily dispersed over large areas, which are often hard to reach. Direct seeding reduces the shock of transplanting saplings and helps the young trees grow stronger roots and, hence, stronger trees.
