## REPORT

Pandit Raghunath Murmu Smriti Mahavidyalaya situated in South Bankura region. Basically, it's known to us as a Jangal Mahal region. Most of the tribal community people are situated here, that's why we are not taking modern advantages for learning. But, The NSS Unit, Pandit Raghunath Murmu Smriti Mahavidyalaya, Baragari, Jamboni, Bankura, West Bengal, organized a cultural programme on 15<sup>th</sup> August as a part of the Independence Day programme on the occasion of the Flag Hoisting at Baragari, Bankura on 15<sup>th</sup> August, 2019 between 10 AM to 11.30 AM.

**OBJECTIVES:** Our TIC gives motivational speech, followed by flag Hoisting & National Anthem. It raises patriotic dedication in the crowd. Soon after the national anthem, the TIC addressed the gathering. In his message, students are made to remember the importance of patriotism and the sacrifices of our nation. He also focuses on the rights and duties of every student and about the consequences of misusing them.

**OUTCOMES:** Hoisting the tri-color is the first and foremost activity that is done in any institution which kicks off the rest of celebrations. In fact, celebration for the day is incomplete without this proud moment. Followed by flag hoisting, it is very common to sing the national anthem together which triggers the spirit among students. We are arranged a march past, which is a parade or a procession, outside the college campus or in the adopted village. This activity can be taken as an opportunity to remind everyone of our freedom fighters and the importance of this day for us, as Indian citizens. Vande Mataram, our national song, has great significance on this special day as we know how our freedom fighters got inspired and motivated with this beautiful creation all through the freedom struggle. The uniqueness of this song is its versatility and it is truly emotional.

### **Overview on Swachh Bharat Abhiyan:**

Swachh Bharat Abhiyan (Clean India Mission) is a nationwide campaign initiated by the Government of India in 2014, aiming to clean up the streets, roads, and infrastructure of Indians' cities, towns, and rural areas. The mission emphasizes improving sanitation, eliminating open defecation, and promoting sustainable waste management practices. It was launched to commemorate the 150th birth anniversary of Mahatma Gandhi, who advocated for cleanliness and sanitation.

### **Necessity of Swachh Bharat Abhiyan:**

1. **Reduction of Open Defecation:** Open defecation poses significant health risks, including the spread of infectious diseases and contamination of water sources. The mission aims to eliminate open defecation by constructing toilets and promoting their use, which is crucial for public health and dignity.
2. **Environmental Protection:** Unmanaged waste leads to pollution of land and water bodies. By promoting waste segregation, recycling, and proper disposal methods, Swachh Bharat Abhiyan helps protect the environment and promotes sustainable practice.
3. **Economic Benefits:** Improved sanitation leads to a healthier population, which in turn can reduce healthcare costs and increase productivity. Cleanliness also boosts tourism, as cleaner cities and tourist spots are more attractive to visitors.
4. **Behavioural Changes:** The mission emphasizes changing attitudes towards cleanliness and sanitation through education and awareness campaigns. Encouraging personal responsibility for cleanliness can lead to long-term societal benefits.
5. **Public Health Improvement:** Poor sanitation is a leading cause of diseases like diarrhoea, cholera, and dysentery, particularly affecting children. Improved sanitation facilities reduce the prevalence of these diseases, contributing to better overall public health.
6. **Community empowerment:** Involving local communities in sanitation efforts empowers them to take charge of their environment. Community-led initiatives and participation ensure the sustainability of cleanliness efforts.

### **Aims and Objectives of Swachh Bharat Abhiyan:**

1. **Construction of Toilets:** Building household and public toilets to eliminate open defecation, particularly in rural areas and urban slums.

2. Solid Waste Managements: Establishing systems for waste segregation, collection, transportation, processing, and disposal. Promoting composting, recycling, and reduction of plastic use.
3. Public Awareness Campaigns: Conducting educational programs to raise awareness about the importance of cleanliness and hygiene. Using media, school programs, and community workshops to spread the messages.
4. Behavioural Changes communication: Encouraging behavioral changes through initiatives like the "Swachh Bharat Ambassadors" program, where public figures and community leaders promote the importance of sanitation.
5. Involvement of Technology: Utilizing technology for monitoring and managing waste, as well as for spreading awareness through digital platforms.
6. Corporate and NGO Participation: Encouraging partnerships with businesses and non-governmental organizations to support sanitation projects and contribute resources.
