Overview on Swachh Bharat Abhiyan:

Swachh Bharat Abhiyan (Clean India Mission) is a nationwide campaign initiated by the Government of India in 2014, aiming to clean up the streets, roads, and infrastructure of India's cities, towns, and rural areas. The mission emphasizes improving sanitation, eliminating open defecation, and promoting sustainable waste management practices. It was launched to commemorate the 150th birth anniversary of Mahatma Gandhi, who advocated for cleanliness and sanitation.

Necessity of Swachh Bharat Abhiyan:

1. **Reduction of Open Defecation:** Open defecation poses significant health risks, including the spread of infectious diseases and contamination of water sources. The mission aims to eliminate open defecation by constructing toilets and promoting their use, which is crucial for public health and dignity.
2. **Environmental Protection:** Unmanaged waste leads to pollution of land and water bodies. By promoting waste segregation, recycling, and proper disposal methods, Swachh Bharat Abhiyan helps protect the environment and promotes sustainable practice.
3. **Economic Benefits:** Improved sanitation leads to a healthier population, which in turn can reduce healthcare costs and increase productivity. Cleanliness also boosts tourism, as cleaner cities and tourist spots are more attractive to visitors.
4. **Behavioural Changes:** The mission emphasizes changing attitudes towards cleanliness and sanitation through education and awareness campaigns. Encouraging personal responsibility for cleanliness can lead to long-term societal benefits.
5. **Public Health Improvement:** Poor sanitation is a leading cause of diseases like diarrhoea, cholera, and dysentery, particularly affecting children. Improved sanitation facilities reduce the prevalence of these diseases, contributing to better overall public health.
6. **Community empowerment:** Involving local communities in sanitation efforts empowers them to take charge of their environment. Community-led initiatives and participation ensure the sustainability of cleanliness efforts.

Aims and Objectives of Swachh Bharat Abhiyan:

1. **Construction of Toilets:** Building household and public toilets to eliminate open defecation, particularly in rural areas and urban slums.

3. **Public Awareness Campaigns:** Conducting educational programs to raise awareness about the importance of cleanliness and hygiene. Using media, school programs, and community workshops to spread the messages.
4. **Behavioural Changes communication:** Encouraging behavioral changes through initiatives like the "Swachh Bharat Ambassadors" program, where public figures and community leaders promote the importance of sanitation.
5. **Involvement of Technology:** Utilizing technology for monitoring and managing waste, as well as for spreading awareness through digital platforms.
6. **Corporate and NGO Participation:** Encouraging partnerships with businesses and non-governmental organizations to support sanitation projects and contribute resource.

CONCLUSION:

Swachh Bharat Abhiyan is a crucial initiative for improving sanitation and hygiene in India. Its success hinges on the active participation of all sectors of society, including government, communities, businesses, and individuals. By addressing the critical issues of waste management and open defecation, the mission aims to create a cleaner, healthier, and more sustainable environment for future generations. The long-term benefits of this initiative, such as improved public health, environmental protection, and economic gains, underscore its importance for the nation's development.

REPORT

Hul Divas is observed annually on June 30 in memory of tribals — Sidho and Kanhu Murmu — who led the Santhal hul (rebellion) on June 30, 1855, at Bhognadih in Sahebganj district.

On 30 June 1855, a large number of Santals assembled in a field in Bhognadih, they declared themselves as free and took oath under the leadership of Sidho Murmu and Kanhu Murmu to fight unto the last against the British rulers as well as their agents.

It started on June 30, 1855 and lasted until January 3, 1856 when the movement was brutally ended by troops loyal to the British.

In the memory of Santhal Hul (rebellion), Hul Divas (Rebellion Day) is celebrated each year on the same date 30 June, especially among Santhal tribes.

REPORT

[illegible]

Raghunath Murmu (5 May 1905 – 1 February 1982) was an Indian Santali writer and educator. He developed the Ol Chiki script for Santali language. Until the nineteenth century, Santali people had no written language and knowledge was transmitted orally from one generation to other. Later European researchers and Christian missionaries started to use Bengali, Odia, and Roman scripts to document the Santali language. However, Santalis did not have their own script. His development of the Ol Chiki script enriched the cultural identity of the Santali society. He wrote many songs, plays and school text books in the Ol Chiki script.

Raghunath Murmu was born on the day of Baisakhi Purnima (Buddha Purnima), 1905 in the Dandbose (Dahardih) village (near Rairangpur town) of Mayurbhanj State (now in Odisha), India.

He has not only given a new identity to the Santali society but also has laid an inspiration for other societies to create their own script. Because of this inspiration, many societies are now able to develop their own script. The Government of India has included the Santali language in the Eighth Schedule of the constitution of India on 22 December 2003. After that, many state governments of India, specifically West Bengal, Jharkhand, Odisha, and Bihar, gave recognition to the Santali language. The government of Jharkhand, Odisha, and West Bengal included the Santali language as a medium of instruction at the primary and high school levels in the santal-dominated area. Many universities and colleges of Jharkhand, West Bengal and Odisha are now offering courses on the Santali literature using Ol Chiki script
